

Dear Elliot Chaffee and Dan Saikkonen,

I feel that the pool tournament went very well. With the two day event, I had members coming up to my wife and I saying that they are having a great time and the tournament was very organized and running smooth. The biggest thing that they were saying was how "I had the pool table boxed in so only the shooters were around the tables." Some of what the members were saying " This was the best Pool Tournament they have been to in about 15 years." & " That it ran smooth and in a timely manner". and how I kept everyone entertained.

For myself, I can't wait for next year's Tournament. I enjoy meeting different members talking and having a drink with them. It seems that everyone was having a great time even when they weren't shooting.
